The Maricopa County Library District's Aguila Branch to Open Soon

Public is invited to the grand opening on Saturday, March 18th at 11AM

Max Wilson and the Maricopa County Board of Supervisors voted to allocate an additional \$845,000 for the completion of the Aguila Branch Library. The funds will go toward construction, as well as the purchase of equipment and installation of the Library system's computer and telecommunications network.

The new library is located at 51300 W. U.S. 60, Aguila, AZ, west of Wickenburg. The land was donated to the Maricopa County Library District by the Aguila Elementary School District #63 for the purpose of using it for a library.

Maricopa County Supervisor Max Wilson, District 4, says, "I am proud of our regional library system. The new, free-standing Aguila Branch Library provides materials and services that benefit residents of this area."

The new library is a modular 2,500-sq. ft. building. The building and library contents were provided by the Library District. The collection is approximately 15,000 items.

Features of the Aguila Branch Library include:

- A collection of English and Spanish language materials including: books, best-sellers, magazines, electronic books, large print books, videos, audio books, DVDs, and more.
- 8 public computers with Internet access, word processing programs and a number of electronic databases for online research and information. More computers may be added later.
- A self-check out machine.
- Special programs and events for children and/or adults are offered free of charge throughout the year. Designed to be educational, informative, entertaining, and develop a love of reading - our programs have something for everyone.

The public is invited to the grand opening on Saturday, March 18th at 11AM.
